

Online

BiblioBoard: we are pleased to announce that the **Indie Texas** collection is finally live and accessible through our website. Now you can support **local authors** by reading their works of fiction, poetry, and short stories. New books are added regularly, so the next time you're looking for something new to read, we highly recommend downloading a book by a local author.

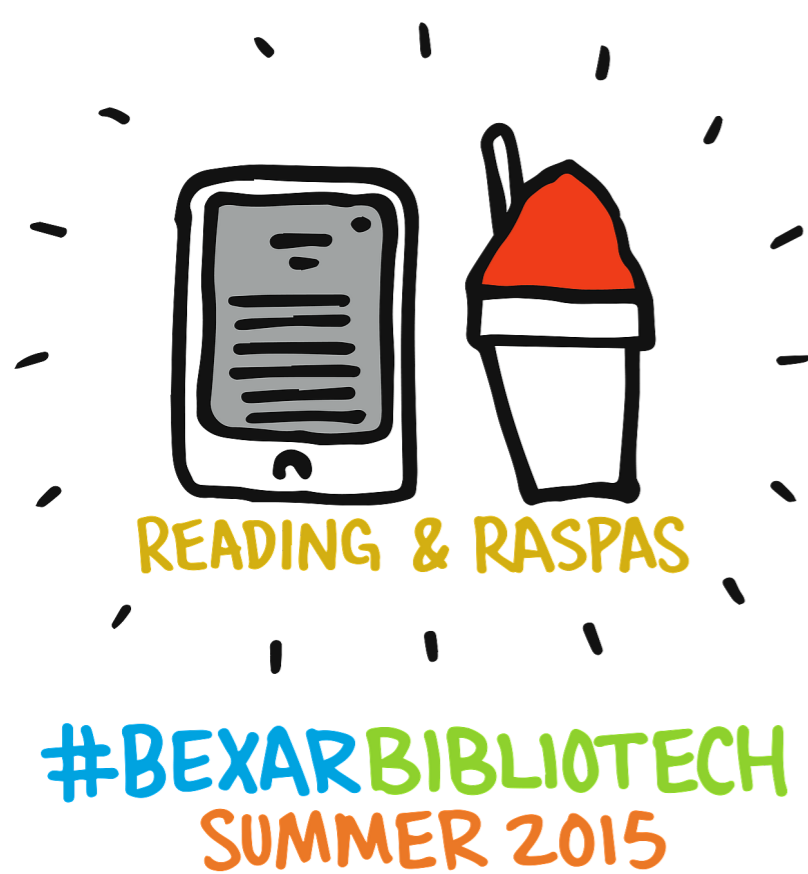

[Start Reading Now](#)

Are you an **indie author** and want to get your work onto our website? Upload your book through our SELF-E submission form. Bonus: your work will be reviewed by **the editors of Library Journal** and possibly selected for their national collection!

Pleasanton Branch

Reading & Raspas: summer programming is wrapping up at BiblioTech Pleasanton after a successful season, with over 40,000 visitors to the library, maxed out events, and **8,000 new members**. A hearty virtual round of applause for everyone who visited us and participated in a Reading & Raspas summer program! Stop by or live chat with us (on our website) and tell us how we did so we can make next summer even better.

What's happening in the fall?

Dr. Ricardo Romo Branch

New Branch: stop by for a tour of our newest branch, named in honor of the president of UTSA. The branch is located at 2003 S. Zarzamora (corner of Zarzamora & Brady Blvd.). When you get there, ask to see our **new Promethean technology**. You won't be sorry. Also, we've jumped right in to providing a great schedule of programs at the new branch, including story time, genealogy, and technology courses.
